PROFILE

Dynamic and innovative developer with hands-on experience in web and mobile app development. Known for strong critical thinking, rapid problem-solving, and collaborative teamwork. Passionate about crafting user-friendly solutions and consistently recognised for academic excellence and technical creativity.

PROJECTS

Project Kresta

Responsive Web Application | [On GitHub](#) APRIL 2025 - MAY 2025

- Led the Development:** Spearheaded the backend of a responsive web application.
- Team Collaboration:** Worked closely with designers and programmers to ensure a seamless and user-friendly experience.
- Backend & Frontend:** Managed backend development and contributed to frontend improvements.

ADHD Prediction Model

NOV 2024 - DEC 2024

Machine Learning Algorithm | [On GitHub](#)

- Development:** Developed a machine learning algorithm designed to predict ADHD (Attention-Deficit/Hyperactivity Disorder) based on various data inputs.
- Features:** The model incorporates advanced data processing techniques and predictive analytics to identify potential ADHD cases.

Calorie Counter

MAY 2024 - JUNE 2024

Android Application | [On GitHub](#)

- Development:** Designed an intuitive Android app for tracking daily calorie intake.
- Features:** The application features user-friendly interfaces, a seamless way to add meals and their caloric values, and the ability to categorise meals as breakfast, lunch, dinner, or snack.

EDUCATION

BSc (Hons) Creative Computing

2022 - 2025

Bath Spa Univeristy RAK

- Awarded High Honours (2022 - 2025)
